

THE FIGHT IS STILL ON!

SAY: NO to *all* Clifton via Wilford routes

SAY: YES to Clifton via Queen's drive route

NET are presenting their report to the Councils on Wednesday 24th April. There is *still* time to write to NET, to the Evening Post, to your Councillors, to your MP, and to anyone else that you want to involve in the fight. If you have already written, then why not write again? Let them ALL know what YOU want, and make sure that you get it!

PUBLIC MEETING - A GREAT SUCCESS!

Thank-you everyone! The **Public Meeting** was a great success. You all showed your support for what we are doing, and were able to hear some very encouraging contributions from our council and environmental colleagues:

- ? Professor Ross Coles from the Institute of Hearing Research at Nottingham University gave a very interesting demonstration of tram noise levels recorded at Sheffield
- ? Gordon Dyne from the Nottingham Wildlife Trust gave details of their response to NET and the councils
- ? representatives from the Councils pledged their support and answered your questions
- ? members of the ENT committee reported on the campaign so far and what comes next

Please follow up on what was said, and please involve your family, friends and neighbours - let's show NET and the councils that we are still committed to the fight. If you want any more information on this or on any other NET-related topic then contact us (via our website below or your street rep) and we will get back to you straight away.

WE NEED YOUR HELP!

There is an envelope with this newsletter addressed to your street rep. If you would like to make a donation to our "fighting fund" to help cover our costs, then please place it in the envelope and return it. Please make cheques payable to "E.N.T."

Thank-you!

LET'S MAKE OURSELVES HEARD - LOUDER THAN EVER!
